youth scholarships and payouts from entries, awards are given as well in the amount of approximately \$53K.

Director of Youth Rianna Storey recently reached out to the 91 registered secretaries and affiliates with inquiries on what they offer in youth scholarships and surprisingly only heard back from 11 with their results. The sole purpose of this exercise was to advertise scholarship amounts offered for the youth program. Scholarship amounts paid out again fluctuate based on how many places are paid out.

President Mark Senn suggested that a youth scholarship field be incorporated on the show applications to complete if applicable. The officers also asked Rianna to provide a list of the affiliates that have not responded by regions so that the regional representatives on the Executive Committee could follow up with them to get responses.

In closing, Director of the Foundation Julia Buswold offered to make every effort to maintain these scholarship amounts each year. The foundation and the youth department collectively have worked too hard on this program and are determined to keep sustainability. She also emphasized the importance of knowing the recipient information from the affiliates with these scholarships so when parents call to inquire about their child's scholarship money, the foundation can direct them appropriately to the right show secretary if monies are not distributed by the foundation. This lifts the burden off of the foundation that is questioned when the dollar amounts disclosed with those parents don't reflect all their youth's scholarship earnings.

President Mark Senn appointed NCHA Executive Director Jay Winborn, NCHA Foundation Director Julia Buswold, Director of Youth Rianna Storey and Executive Committee Member representing Region 8 Casey Green to collaborate and bring a recommendation on how to increase the youth scholarship and world finals payouts to the June EC Meeting at the annual convention.

Mark also asked Julia and Rianna to reach out to the chairman of the Affiliate Officers and Secretaries and Weekend Show Committees to see if they can get time on their agendas during the convention to discuss this topic.

Limited Non Pro Class

Director of Shows Shianne Megel addressed the Executive Committee with a concern brought forward from the Non Pro Committee that since the Limited Non Pro classes were not available on the original Summer Spectacular schedule it might be affecting Non Pro entries. Shianne advised Non Pro Committee Chairman Sherry Graham know that schedules were historically crafted to accommodate previous years entries (2024 entries were under the 26 required) of that event and apologized for any confusion. Those classes have been added to the show schedule, and it has been republished on the website.

Shianne shared that the Non Pro Committee Chairman Sherry Graham would like to Executive Committee to consider their committee's recommendation to extend the first payment deadline for the Summer Spectacular and waive the late fees to accommodate any entries that may have been detoured from the limited Non Pro class not reflecting on the show schedule.

10. The Weekend Show Committee recommends allowing jackpot shows to be Championship Shows so they count for World standings. This would require a verbiage change in Standing Rule 8.a.1: NCHA OPEN CHAMPIONSHIP CUTTING HORSE CLASS: "Monies towards World Championship Finals to be counted only at shows bearing the title NCHA Championship show. In order to qualify for this title, shows must meet all standing rules for approval and, in addition, must have an added purse in this class of at least \$200 per day." The additional verbiage would be the following:

Jackpot Championship Show
No added money
Minimum entry fee \$100 up to maximum \$250
Pay 8%
Count for World Finals
At Least offer Open/Non-Pro Amateur class

A MOTION was made by Barnwell Ramsey and SECONDED by Casey Green to approve and allow jackpot shows to be Championship Shows so they could be calculated for World standings as presented for implementation during the 2025-point year. This will require a change in the Standing Rule 8, a new show type and application within the show department. **If this motion passes, the NCHA will monitor and schedule a review at the 2025 annual convention to see if implementation should continue.** MOTION PASSED by majority of a roll call vote of the members with four (4) IN FAVOR with Barnwell Ramsey, John Lavelle, Casey Green, and Cara Brewer and three (3) AGAINST with Kathleen Moore, Tommy Williams, and Steve Smith and two (2) that abstained with Kirby Smith (recused), and Sharon Overstreet. Les Jack and Phil Benadum were not in present for this vote.

Removal of “Showing on Transfer” Option at Shows – ACTUAL OWNERSHIP

PROS

- Significantly speeds up show results processing when secretaries don't need to send in the transfer paperwork
- Increased Membership \$ if listed owner is not a member
- Eliminates Phony Transfer presented to get out of buying memberships
- Makes new “owner” use old member or complete a resale to a non-member before transfer is complete (multi-transfer)
- Eliminates need for rule book specification of Am/NP riders
- Eliminates the need to add “teeth” for non am/NP owners
- Eliminates the need for fines
- Eliminates member dissatisfaction when fines are imposed
- Ensures actual ownership is recorded
- Retroactive ownership / reversal no longer effects National, Circuit, Affiliate standings
- Frees Staff time currently allocated to tracking down / following up on pending transfers to be used on other projects. Tracking is Extensive

- **6/1/2023 – 5/30/2024 = 863 horses shown on**

pending transfers

- 100 days average transfer time from purchase to clear
- 37 were cleared in less than 15 days from purchase
- 145 cleared between 16 and 30 days from purchase
